Please send any questions or comments to onlinesupport@marvel.com Marvel Unlimited tagline is Never stop reading comics. And given the huge amount of content in there, that's perfectly possible. It's pretty hard to overestimate the amount of content in Marvel Unlimited. New titles appear every week, sometimes just six months after hitting stores. This means new themes of the Asgardian Galaxy, the Runaways and the Immortal Hulk. I am so glad that this service is available in India. This subscription is worth every penny. There are more comics than you could read. All marvels are here. My comics don't download for a reason. I have enough space to fit new comics as the ability of 12 comics in downloads is not complete. When I press the download button, buffers and then the download button comes back. Help!!! Otherwise amazing app! I recommend it.
